SUBJECT

Adjustment of Subvention grant towards the pay of the Water works Inspector of Tindivanam Town Municipality

re
The D.C. Tindivanam
L 9198 ml 61-44-5 & 4/5

The following is the extract of para 5 of the memorandum submitted by the members of the Trivandrum Town Improvement Committee and the Minister for PH to the Dewan of Mysore on 24/7/44 -

1. The subvention of Rs 600/- per annum promised by govt in go ms No 7070-2/Rul 158-32-5 dt 10-2-1940 towards the pay of the water works sub-overseer is due to be expected for the entire period during which the water works have been under the management of the Bureau of Sanitary Engineering. This amount may kindly be caused to be credited towards the arrears of annual maintenance charges claimed by the Bureau.

2. Subject to para 4 of the go dt 10/2/1940 govt were pleased to sanction a sum of Rs 600/- per annum towards the pay of the sub-overseer entertained for looking after the installation of water works in the Trivandrum Town supply from out of the W S grants temporarily for a period of three years

3 subsequently, the D P H brought to the notice of govt that

554

The Trunkey Turnpike Co did not take action to draw and credit the amounts sanctioned by govt towards the A & M charges of water works for the same year

9 { Dept the D c Trunkey Ck, then, was requested to take necessary action to draw the contributions given in this behalf and credit the same to the dept concerned

4 but as seen from the representation now made, action has not been taken to adjust the amount accordingly In the circumstances a dft letter is put up to the D requesting him to take action immediately and submit a report to govt by the end of next month

Submitted

5 Action to adjust the amount 26/7 was not taken by the Mcd even though specific instructions were issued from Dept to DC in July 1942 above

6) Dft letter was sent to DC requesting him to take the necessary action is for approval

14) The following note is put up for perusal and orders

On go d* 10-2-39, sanction was accorded govt were pleased to meet a sum of Rs 600/- pa towards the pay of the sub overseer employed as water inspector in The Tumkur Town mlly from out of The W S grant temporarily for a period of three years viz 1939-40, 40-41 and 41-42.

15) As govt grant Rs 1,800/- sanctioned for three years at the rate of Rs 600/- pa was not drawn by the mlc, govt have directed in their order d* 12-1-43, that The same may be met out of the W S grant for 42-43 and drawn & credited to the funds of The Tumkur Town mlly

16) Again in go d* 15-1-43 sanction was accorded to the continuance of the services of the water works inspector on a permanent basis, the cost of Rs 600/- pm on this behalf being debited to the A M charges of water works

17) Recently it was brought to the notice of govt that the grant sanctioned during the three years 1939-40, 40-41 and 41-42

× D

was not drawn and credited to the civil funds, as directed in go ~~no~~ dt. 12-4-43 — vide para supra. The D.C. was, then, requested to adjust the amount immediately and to submit a report thereon

H

18) A report from the Comptroller on the subject shows that there is a discontinuity in the service of the water works inspector ~~drawn the pension from 3-4-40 and~~ from 1-5-40 to the end of 27-11-41 and that the Sanctioning Officer feels doubt whether the pension of Rs 600/- granted to and the pay of the sub-warden may be adjusted as an ex-gratia grant or whether it is to be paid only for the period for which the ~~sub-warden's~~ water works inspector's pay has been actually charged to the A.R. estimates of the water works

19) The precedent of the civil cases raises another point to the effect that the pay of the Water works inspector at Rs 600/- per ~~has~~ also to be met out of the grants from the year 1942-43 as per go dt. 15-1-43 ~~As a~~ As a matter of fact, it is definitely stated in the go that the ex-gratia should be

debited to the A M estimates of the Waterworks and got a not to promise to contribute any more towards the pay of the inspector for any period other than three years mentioned above

2) In the above circumstances, the comptroller to govt requests orders on the following points

1) Whether the grants for 39-40 40-41 and 41-42 are to be treated as outright grants or have to be paid only for the actual period for which the services of pay was charged to the A M estimates

2) Whether, in view of what is stated in go dt 15-1-43, the cntg of Rs 600/- for an account of the pay of the inspector for the year 1942-43 is to be recovered from the bill as adjusted of W S grants

21) As regards the pertinent referred to in ~~the~~ by the comptroller, govt may direct to treat the grants of Rs 1,800/- at Rs 600/- sanctioned for 1939-40 to 41-42 as outright grant and to ~~recover the cost~~ debit the cost of the pay of Rs 600/- for

re subventions grant to the

the year 42-43 and to the A 97 estimates of the water works, as already directed, the same being recovered from the mill

subject to the undertaking

B/12

2) The sum of £1800 being the grants at £600 for each of the three years 1939-40, 40-41 and 41-42 may be treated as outstanding grants and adjusted out of the water supply grants during the current year, to the credit of the Income Tax Duty and no amount may be deducted out of the grant for the period during which the Intervalve was not employed

3) The amounts due for 42-43 on the above basis may also be adjusted out of the water supply grant for 42-43;

4) The Income Tax Duty will be spread definitely against that the entire expenditure from the moneys in regard to the annual maintenance charges of the water supply undertaking will be met out of other funds.

your memo No A6 C 246/44-45 dated 31-7-1944
copy of letter No 39/WAD-1 dated 24-7-1944 from
roller to Government for early remarks
have the honour to state that with regard to the first
the G O No L 6861-3/ 1 110-42-21 dated 12-1-1943
y indicates that the amount of ₹ 1800/- being the
ation for three years is an outright grant and has to
rawn and credited to Municipal funds This may kindly be
mended to be done
With regard to the second point the continuance of the
ices of the water-works Inspector on a permanent basis
posed by the Director of Public Health and sanctioned by
ernment in their Order No L 6946-9/ 1 75-42-15 dated
-1-1943, necessarily implies that the cost is to be met
rom out of the water-supply grants as originally intended
y Government in their order No L 7070-2/1 1 156-38-5 dated
0-2-1940 The Director of Public Health has neither
roposed nor have Government directed that this amount of
₹ 600/- per annum should be paid out of Municipal funds
Under the circumstances favourable orders of Government
may kindly be obtained for the payment of the sum of ₹ 600/
per annum for 42-43 and subsequent years from out of the
water supply grants, especially in view of the abnormal
increase in the estimate for A I charges from year after
year

Letter No 39/WAD-1 dated 24-7-44 from the Comptroller to the Deputy Commissioner Tumkur District

I have the honour to state that the President, Town Municipal Council Tumkur, sent up two bills duly countersigned by you for 1800/- and 600/- towards subvention grant for the years 1939-40 40-41 41-42 and 42-43 for necessary adjustment As certain points of doubts had to be settled in connection with the payment of the subvention correspondence was instituted with the Sanitary Engineer, Bureau of Sanitary Engineering Bangalore for their clarification The Sanitary Engineer has in his correspondence ending with his letter No 111 dated 20-9-43 stated that the Suboverseer for water works was actually in charge of the works only from 1-5-40 and that the pay of the surveyor supervising the works was disbursed for the period from May

40

40 to end of 42-43 as detailed below -

1- 5-40 to end of 8-2-41
28-11-41 30-6-43 Charged against the annual maint estimate

9- 2-41 to end of 27-11-41 No separate suboverseer exist for Water Works of Tumkur and nothing ha charged to annual maintenance estimate t the pay of suboverseer for this period

Though Government have sanctioned a grant of R 1800/ the years 1939-40 40-41 and 41-42 in G O No L 6841-3/M1, dated 12-1-43, the Sanitary Engineer feels a doubt whether t grant has to be adjusted as an outright one or whether it is be paid only for the period for which the Suboverseer's pay been actually charged to the annual maintenance estimate In respect of the grant for 42-43, it may be stated that Governme while continuing the post of water works inspector on a perma basis in their order No L 6946-9/M1 73-42-15 dated 15-1-1943 have directed that the cost of R 600/- per annum should be debited to the annual maintenance charges I request you therefore to kindly obtain orders of Government on the follow doubtful points so that the grant due to the Municipality may adjusted out of the current year's grant —

(1) Hether the grants for 39-40 40-41 and 41-42 are to be treated as outright ones or have to be paid only for the actual period for which suboverseer's pay was charged to the annual maintenance estimate

(2) Whether in view of what is stated in G O No L 6946-9/M 73-42-15 date 15-1-43 the cost of R 600/- per annum on account of the suboverseer's pay for the year 1942-43 is to be recovered from the municipality or adjusted out of the water supply grant
